Production of Standard Cloth by NTC

2332. SHRI GHULAM RASOOL MATTO:
SHRI S. W. DHABE:

Will the Minister of TEXTILES be pleased to state:

(a) how much standard cloth has been produced by the National Textile Corporation and its subsidiary companies after the announcement of Textile Policy and what are the production figures for the years 1982-83, 1983-84 and 1984-85;

(b) how many varieties of standard cloth are at present manufactured and at what price they are sold; and

(c) what profit has been made on the same, year-wise for the above period?

THE MINISTER OF STATE OF THE MINISTRY OF TEXTILES (SHRI KHURSHID ALAM KHAN): (a) to (c) Details of production of controlled cloth during the last three years and after the announcement of Textile Policy in June, 1985 reported by the NTC Mills are as under:—

YEAR	
1982-83	220.00 Million sq. mtrs. (cotton varieties)
1983-84	294.99 Million sq. mtrs. (cotton varieties) 8.00 M. mtrs. (Polyester cotton blended shirting)
1984-85	245.73 Million sq. mtrs. (cotton varieties) 7.00 M. mtrs. (Polyester cotton blended shirting)
July-Dec. 1985.	132.00 Million sq. mtrs. (cotton varieties) 3.50 M. mtrs. (Polyester cotton blended shirting)

2. At present four varieties of controlled cloth viz., dhoti, saree, long cloth and polyester cotton blended shirting are produced by the NTC mills under the Controlled Cloth Scheme. Price range of various sorts of such cloth varies from Rs. 2.65 per linear metre to Rs. 12 per linear metre. Price of controlled cloth are fixed on the basis of actual cost without any profit.
